

# Angels Among Us Project

## Become an Angel Seeker

### Step #1—Angel Spotting

Be on the lookout for angels at all times. Angels ARE among us. The problem, they are humble spirits and seek no public acclaim for their way of life.

### Step #2—Angel Investigating

Once you spot a human angel, investigate. Find out all you can about his or her activities, story, and how his or her selfless acts are benefitting others. Obtain testimonials as a way of supporting your findings.

Remember, human angels are typically shy and humble spirits. They have a need to operate out of the spotlight. So be gentle and kind.

### Step #3—Angel Reporting

Once you have your human angel's story, visit our web site, [www.angelsamongusproject.org](http://www.angelsamongusproject.org). Click **Submit Your Angel** and post your discovery.

By sharing that story with others you will be contributing to the happiness of every person involved in this uplifting campaign.

### Contribution

There is also a **REWARD** offered for your role in spotting, investigating, and reporting your work as an **Angel Seeker**. Every month, one of these human angels will be singled out for the honor of “**Angel of The Month**.” The angel receiving this designation will have a \$2,500 contribution made to their work.

While the **REWARD** offered is modest, your human angel will be deeply gratified, and the charity that receives this money will be thrilled.
